

## The Bulletin/Newsletter Article NCNC Annual Meeting 2006 Youth Program

- Don't miss two dynamic leadership opportunities for youth and young adults at Asilomar 2006!
- An early order of business at this May's Conference Annual Meeting will be voting to amend the bylaws to give each congregation one additional voting delegate position for a youth or young adult (13-25).
- This is your chance to develop specific leadership skills that you can use in the church and throughout your life.
- There will be parallel programs for youth (13-18) and young adults (19-25) led by specially trained staff.
- You don't have to be a delegate to participate.
- The program will include participation in both business meetings and worship at Asilomar.
