

Dear Camp Volunteer,

Are you a camp director or chaplain? Have you always wanted to be one? Do you know someone who is great director or chaplain material?

The Outdoor Ministries Committee of Northern California and Nevada seeks your input as we form our leadership teams the 2010 summer camping season.

If you would like to be considered as a director or chaplain for this summer, please submit the Director/Chaplain Application Form (link to the website) to the conference office by **Monday, January 25<sup>th</sup>**.

If you know of anyone else who might be interested or whom you think would be great in these roles, please forward this information to them so we can include them in our considerations.

All applicants will be considered as the OMC works to form strong leadership teams for each camp. An application is a signal of your interest but not a confirmed agreement to serve. Members of the committee will follow up with all applicants in February to communicate next steps.

All confirmed directors and chaplains will be invited to attend the UCCR Camp Director's Retreat **March 12-13<sup>th</sup>** at no cost. This retreat is an excellent opportunity to share resources and learn tips and tricks for successful camps. *If you apply please SAVE THE DATE!*

Thank you for your continued support of our Outdoor Ministries programs.

Blessings,

Owen Stephens
